MUMBAI-400001

Dear Sir/Madam,

SUB: Clarification on price movement

We have received your above query letter no. **L/SURV/ONL/PV/NP/ 2021-2022 / 103 dt. 28th April, 2021**. Our clarification is as below:

Our subsidiary company M/s. 3B Blackbio Biotech India Ltd., is making RT-PCR Kits for testing COVID-19. Due to huge rise in COVID-19 cases during this month, there is an increased demand of RT-PCR Kits.

We have increased our production to meet this demand and producing 50,000 (Fifty Thousand) to 70,000 (Seventy Thousand) tests per day, to serve the needy patients, depending on various factors. The average price realization has been coming down since few months which we have informed in our monthly updates, currently its around Rs. 80.00 (Eighty) per test.

In month of Feb'21 and Mar'21 the COVID-19 cases had come down substantially and the monthly production had gone down to 10,000 (Ten Thousand) to 15,000 (Fifteen Thousand) tests per day, which was informed in the monthly update dt 1st March, 2021.

As per our past practice we give Business Update on monthly basis to BSE which we would have done on 1st May, 2021 covering above information.

We hope this information will help investors to understand latest business scenario.

Thanking You,
Yours faithfully,
For KILPEST INDIA LTD.

Dhirendra Dubey
Chairman cum Managing Director
